“Thanks very much for your facilitation of the Board away day. People were really engaged and your insights were very helpful. We came out with some positive actions for the session on adding value as trustees”.

Chief Executive

“We were able to have open and honest conversations that enabled us to put the past behind us and to move with confidence into an uncertain future. We were able to do so because we had more trust in each other having laid our cards on the table”

Chair

“I entered into the coaching relationship with Tesse to strengthen my executive skills. My friends tell me that they are experiencing me differently, so something must be seeping through. Thank you Tesse for your subtle, gentle and firm approach. I feel challenged and supported at the same time”.

Executive Director , Service Delivery Organisation

“I’ve been working with Tesse on developing leadership skills. She’s an amazing and inspirational coach. In just a few sessions I’ve been able to identify areas for development and am already seeing great results in my work and home life. What’s more is that every session is great fun and I always leave feeling energised and motivated”.

Director, Marketing & member of the Senior Management Team

“I had recently the opportunity to use Tesse’s coaching skills for my self. Her thoughtful and well structured coaching process, plus her innate intuition allowed me to clarify my own thoughts/feelings and put together a concrete actions plan. She was also able to mirror some of my difficulties that I wasn’t completely aware of. Tesse has definitively an ability to listen to people with empathy and perceive issues beyond the words. She’s also extremely persistent, which is a high quality for a coach. I sincerely recommend her.”

Carole Levy, Learning As Leadership USA, International

Feedback from the local MIND Good Trusteeship

Thank you so much for last night. Everyone was totally on task and the enthusiasm was palpable. For the first time I felt that we were really ready to work as a team. Interestingly no one wanted to dash off at the end and some of them had journeys home of over an hour! Well done!
